Carolyn

Are you available for a quick call to discuss exactly what you want?

Sincerely,

Bradley E. Gentry, LPG

We would like to have one poster showing the sewer results broadly as VOCs above screening levels.
 Is that possible?

I'm no CAD person, so I may be over-simplifying, but couldn't you just overlay the three, make one outline, and fill it in with purple blue or yellow?

I believe we have what you need on the maps but if you need changes, please let me know as soon as possible today. Our CAD person will be out Tuesday and Wednesday of this week.

Sincerely,

Bradley E. Gentry, LPG

Thanks Brad.

Are you able to combine the three plumes into one that shows the area of VOCs above screening levels?

Subject: Confidential - Draft Sewer Manhole Sampling Maps

Carolyn

Good afternoon. Please see the updated, draft combined iso maps for the sewer manhole sampling events. Please let us know if you have questions or need anything else.

Sincerely,
